

Honoring life with the love of Christ, Mission of Ukraine serves women in crisis pregnancies and children with disabilities, while influencing society on their behalf

## Access to Over 10,000 Students!

### Zhitomir Universities Open Their Doors to MTU!

By Natasha Krasovskaya  
Head CPC Counselor

Last September we met with the vice-principles of Zhitomir higher educational institutions who represented Teachers Training University, Agro-ecological Academy, Military School, Economic Humanitarian Institution – University ‘Ukraine’, Commercial College, Construction College, College of Business and Law and others. We presented them with the MTU Abstinence Program and highlighted the urgency of the needs addressed by the program. To our joy, the meeting opened the doors of the Zhitomir universities to MTU and gave us access to about 10,000 students. Furthermore, the vice-principles incorporated our Abstinence Program into their educational curriculum as a required non-credit class!

I praise God for the opportunity to bring to the students the accurate facts about life before birth, abortion, STDs, Aids, as well as addictions.

### Sex is a Gift from God?

By Svetlana Korolyova  
CPC counselor

“If I had known the truth about abortion at that time, I would have never done it.” I hear this regret every time I visit with kindergarten staff about our pro-life program. Since the beginning of our education work with the female staff, we have visited 37 kindergarten, nursery and elementary schools bringing the prolife message to about 1,300 staff members and 500 parents.

I am happy that we have chosen this outreach as it gives us an opportunity not only to educate our women about abortion, but also help them form a healthy attitude about sexual relationships based on Biblical truths. It also creates space for Mission to Ukraine’s promotion.

We Praise God for the volunteers we have.

*Current Needs:* Pray with us for our God to bless the ministry with more volunteers.

### We Want More!

By Tanya Bortnik  
Information Manager

“Their eyes were wide open, hands hectically writing down the new information, full attention on faces”, shares Svetlana Korolyova, MTU Crisis Pregnancy Counselor, regarding her meeting with the region’s teachers on Oct 17, 2011. Invitations to meetings such as these organized by the Zhitomir department of the Ministry of Education, extend our horizons in reaching out to several thousand teens and youth living in the Zhitomir Region.

“We are excited to see how God opens new opportunities for us. We so desperately need new volunteers”, shares Svetlana.

“The harvest is plentiful, but the workers are few. Ask the Lord of the harvest, therefore, to send out workers into His harvest field”. Matthew 9:37
